

To Whom it May Concern

I had the pleasure of being Emily's design studio tutor during her first year at UTS. During this time, Emily displayed a depth of research and investigation and then a commitment to the resolution of her project which resulted in her submission being deservedly awarded a Distinction.

Throughout the year Emily always challenged herself academically. She was an active participant in class discussions and grasped material quickly. She demonstrated excellent written and verbal skills that were a pleasure to encounter.

I have no hesitation to recommend Emily for a student position in architectural practice.

Sincerely,
